Public Health Enlisted Issues Briefing and Crosstalk Available by Phone

Dear PH Leaders,

I'd very much like to travel to your base and spend time speaking with your super Public Health staff. Obviously, tax dollars and time forbid this.

However, if you're interested, I'd be glad to sit-in on an office meeting and swap ideas. I have a canned enlisted issues briefing to use as a vehicle for discussion. I can e-mail this *powerpoint* file to you so we're all looking at the same pictures as we talk.

Topics of my briefing include:

- 4E demographics and manning challenges
- promotions
- EPRs
- reenlistment rates
- education and training issues
- assignments
- current hot topics affecting 4E0's

Let me know.
